

Director, Planning and Production Control

Building a Future – Be Part of a Winning Team

Vancouver Shipyards, North Vancouver, BC

Experience, expertise and technology: that is what Vancouver Shipyards Co. Ltd.—a member of Seaspan Marine Corporation—brings to the marine industry in the design, new construction and repair of all types and sizes of vessels.

You will be responsible for Planning and Production Control for all new vessel construction. Reporting to the VP, Technical, you will lead all planning and production control activities, including developing master schedules, detailed schedules and work packages. You will provide leadership to direct reports and their teams to deliver coordination and control to engineering, procurement and production activities in support of overall program schedules and budgets. You will be collaborating across the organization.

Competencies required:

- 10-15 years experience in planning and production control, preferably in the shipbuilding industry, or alternatively in a large manufacturing or engineering-to-order industry.
- A bachelor's degree in Engineering or Business, or equivalent work experience. Master's degree will be given preference.
- Strong technical skills with capability to read and interpret complex specifications and detailed engineering drawings.
- In-depth working knowledge of planning and production control techniques for large manufacturing projects and experience with ERP systems and independent planning systems such as Primavera and Microsoft Project.
- Exceptional communication and influencing skills and the ability to work effectively across the organization.
- Proven track record of building, motivating and leading large teams is essential.

Please submit your résumé and covering letter to: shipyardcareers@seaspan.com. While we thank all applicants for their interest, only those selected for an interview will be contacted.

Seaspan is committed to fostering a culture that values diversity and invites applications from all qualified individuals, including those designated under employment equity.

Safety • Efficiency • Care • Accountability

Seaspan Marine Corporation is looking for talented people. We're making Canadian history and taking West Coast shipbuilding to new heights. We've been building ships in Vancouver since 1902, and now we're sharing our passion with a new generation of shipbuilders of non-combat vessels.
