

Program Manager, New Construction

Building a Future – Be Part of a Winning Team

**Vancouver Shipyards,
North Vancouver, BC**

Experience, expertise and technology: that is what Vancouver Shipyards Co. Ltd.—a member of Seaspan Marine Corporation—brings to the marine industry in the design, new construction and repair of all types and sizes of vessels.

You will be directly responsible for leading the development and execution of the new vessel construction program within the Federal Fleet Renewal Program, from inception to completion. Reporting to the Vice President, Program Management, you will manage large, complex projects to budget, schedule, quality and safety, while motivating and engaging a large team. You will have extensive external communication demands with customers, contractors, partners and regulatory bodies. Your ability to effectively lead resources across the organization will be key to your success.

Competencies required:

- 10+ years of experience in shipbuilding (preferred), industrial manufacturing or construction project management, supplemented with at least 3 years of complex program management experience.
- Bachelor's degree in Engineering, preferably Marine Engineering or Naval Architecture, or Business. Master's degree is highly desirable.
- Knowledge of Earned Value Management Systems (EVMS), scheduling and resource planning is a must. Experience with government contract administration procedures is advantageous.
- Exceptional leadership, collaboration and communication skills.

Please submit your résumé and covering letter to: shipyardcareers@seaspan.com. While we thank all applicants for their interest, only those selected for an interview will be contacted.

Seaspan is committed to fostering a culture that values diversity and invites applications from all qualified individuals, including those designated under employment equity.

Safety • Efficiency • Care • Accountability

Seaspan Marine Corporation is looking for talented people. We're making Canadian history and taking West Coast shipbuilding to new heights. We've been building ships in Vancouver since 1902, and now we're sharing our passion with a new generation of shipbuilders of non-combat vessels.
