

Vice President, Technical

Building a Future – Be Part of a Winning Team

Vancouver Shipyards, North Vancouver, BC

Experience, expertise and technology: that is what Vancouver Shipyards Co. Ltd.—a member of Seaspan Marine Corporation—brings to the marine industry in the design, new construction and repair of all types and sizes of vessels.

Whether it's for new ship construction, overhaul, modernization or repair contract, you will lead engineering/naval architecture, production design, planning and production control, quality assurance and performance improvement. Reporting to the President of Shipyards, you are a key member of the senior management team. Multiple simultaneous projects will require your leadership and direction. You will also lead the integration of internal and subcontracted technical resources and initiate performance management and QA programs. Most importantly, you are responsible for developing, coaching and retaining a highly skilled and motivated team of technical and professional staff.

Competencies required:

- 15+ years of experience coupled with a strong technical background in shipbuilding or heavy manufacturing or industrial industry, most recently in a Director or Executive level role.
- 15+ years in design with experience leading production design and planning or production control in the shipbuilding industry.
- Educational background includes Naval Architecture or Marine Engineering coupled with business or management. Master's Degree preferred.
- Ability to manage complex, large simultaneous projects, teams and improvement initiatives in an engineering-to-order environment.
- Strong ability to lead, motivate, take initiative and prioritize.

Please submit your résumé and covering letter to: shipyardcareers@seaspan.com. While we thank all applicants for their interest, only those selected for an interview will be contacted.

Seaspan is committed to fostering a culture that values diversity and invites applications from all qualified individuals, including those designated under employment equity.

Safety • Efficiency • Care • Accountability

Seaspan Marine Corporation is looking for talented people. We're making Canadian history and taking West Coast shipbuilding to new heights. We've been building ships in Vancouver since 1902, and now we're sharing our passion with a new generation of shipbuilders of non-combat vessels.
