

MARINE QUALITY MANAGEMENT SYSTEM

QUALITY POLICY

Seaspan is committed to the delivery of first-class marine solutions to our customers. We offer safe, superior quality and cost-effective services in a timely and professional manner.

IN ACCORDANCE WITH SEASPAN'S CORE VALUES WE ARE COMMITTED TO:

- Managing our vessels, terminals, maintenance facilities, offices and workplaces to ensure high levels of reliable performance and customer service delivery which uphold the Seaspan brand.
- Creating long-term business solutions that are responsive to the needs of our customers.
- Maintaining a relationship of trust with our customers and suppliers.
- Meeting or exceeding all regulatory requirements.
- Employing an integrated risk-based approach to our quality management system.
- Enhancing the competence of our people through training and career development.
- Using performance measures to increase the efficiency of our operations.
- Improving our ISO 9001 compliant quality management system.
