

QUALITY POLICY

Our mission is to continue as the Canadian West Coast centre of excellence for ship design, construction, repair, planned maintenance and dry-docking services for the Government of Canada and commercial vessels. We guarantee safe, superior quality and cost effective service in a timely and environmentally responsible, professional manner.

IN ACCORDANCE WITH SEASpan'S CORE VALUES WE ARE COMMITTED TO:

- Maintaining a relationship of trust with our Customers and External Providers.
- Meeting or exceeding all regulatory requirements.
- Employing an integrated risk-based approach to our quality management system.
- Improving our management system processes on a continual basis.
- Involving all employees in our quality management system and providing resources and training to achieve objectives.
- Creating long-term business opportunities that are responsive to the needs of our Customers.

Kyle Washington, Executive Chairman

Brian Carter, CEO Seaspan Shipyards
