

## NEWS RELEASE

### Seaspan Marine Appoints Jenny Gethings as Vice President, Business Development

*For Immediate Release – April 20, 2015*

Vancouver, BC – Seaspan today announced that **Jenny Gethings** has joined Seaspan Marine as Vice President, Business Development.

Jenny will provide leadership to the Business Development Team as Seaspan continues to pursue new business, identify new markets, and develop current and future opportunities for its Marine division.

“I am thrilled to welcome Jenny to the Seaspan family and our team of professionals at Seaspan Marine,” said **Jonathan Whitworth**, CEO, Seaspan. “Her diverse experience and track record of proven leadership and excellence across diverse sectors of the marine industry will be an asset for the Company moving forward.”

Jenny has more than 25 years in the marine industry, including port operations and cargo logistics, and most recently served as Director of Global Projects for Schenker Canada, where she was responsible for numerous projects worldwide. In addition, Jenny has been very active closer to home, spearheading several projects in the liquefied natural gas (LNG) business, both in Kitimat and Prince Rupert.
