### **Seaspan Shipyards Appoints David Hargreaves as Vice President, Strategy & Business Development**

FOR IMMEDIATE RELEASE – October 4, 2019

North Vancouver, BC – Seaspan Shipyards, Canada’s non-combat shipbuilding partner for the National Shipbuilding Strategy, is pleased to announce the appointment of David Hargreaves as Vice President, Strategy & Business Development.

David brings to Seaspan over 25 years of experience in complex system engineering and a track record of growth-oriented industrial development, building long-lasting customer relationships and establishing strategic partnerships.

Leveraging Seaspan’s world class modern infrastructure, capability, and capacity, David will be responsible for growing Seaspan’s domestic and global business for ship building, repair and overhaul in Vancouver and Victoria. David will work as a member of a multi-disciplinary team to formulate and implement integrated business strategies that will provide highly operational solutions to our customers and long-term, high quality jobs for Canada.

Most recently David was Vice President Strategy at MDA, a Canadian system engineering company that provides systems to the global aerospace and defence industry. David has a Master of Applied Science from Simon Fraser University and a Master of Business Administration from Queen’s University.

### **QUOTES**

“I’m very pleased to welcome David on board at Seaspan Shipyards. As a seasoned strategy executive, he brings a wealth of experience navigating complex markets, engaging with commercial and government stakeholders and driving business growth. David’s leadership will be instrumental in developing and executing on strategies that define and develop our company’s future, and we look forward to his contribution to the business.”

– Mark Lamarre, Chief Executive Officer, Seaspan Shipyards

“This is a very exciting time to be joining Seaspan Shipyards as it takes a leadership position in rebuilding and expanding the shipbuilding and marine industry in Canada. With its existing capability in Vancouver and Victoria coupled with the capability being built under NSS, the company has tremendous untapped potential and I look forward to working as part of a great team to further grow this iconic Canadian company.”
